TOKIO, Japan, May 25.—While Baron Kato, foreign minister, was explaining the Chinese situation in the house today, a member of the opposition rose in his seat and called Kato a traitor to Japan, precipitating a sensational scene. S. Shimada, speaker of the house, ordered the member to apologize. He did so. Then the opposition accused Shimada of exceeding his powers. The matter was referred to a committee.

F-4 LIKELY TO BE IN THE HARBOR TOMORROW NOON
Sunken Submarine Brought to Within 54 Feet of Surface During Today's Work
The F-4 will not be towed into the harbor this afternoon as originally planned. With the boat resting in 54 feet of water, it was decided to shift the lines so that the submarine would be towed through the channel bow on. This is a precaution against the unexpected, so that in the unlikely event of anything giving way, the entire channel will not be blocked. To swing the suspended boat around requires the shifting of one line and the shortening of others, and this will take all afternoon.
By tomorrow noon the sunken submarine F-4 should be inside Honolulu harbor. There is small chance that anything will now interfere with the successful carrying out of plans made this morning for the last stage of the journey through the channel.

DIVIDEND RUMOR SENDS M'BRYDE PRICE SKYWARD

Rumors that the McBryde Sugar Company, Limited, is getting squared around to a profit-making basis, and that a dividend is not unlikely, have received enough credence on the street today to send the stock mounting.

This afternoon the stock was being dealt in at 6.34, and was in good demand at that figure, though one month ago it was changing hands at 5.34.

HAWAIIAN FOREIGN SERVICE THREE-YEAR TOUR HERE

Recently there was some anxiety amongst the troops in the Hawaiian department caused by a rumor that service here was no longer to be counted as foreign. The department commander has just received advance information that a new order will come out soon regarding foreign service, when it is expected that the tour of duty in Hawaii will be fixed the same as that at Panama—three years—to correspond with the law requiring only two years' service in the Philippines. The roster for foreign service is intended hereafter to be run in such a manner that an officer at the top will take whatever vacancy exists in his arm and grade, whether it be in the Philippines, Panama or Hawaii. It is intended that if an officer is due for foreign service, is detailed and prefers service in a department other than the one to which detailed, he can bring about a change only by mutual transfer with another officer in that department.

MONSARRAT IS AGAIN NAMED AS DISTRICT JUDGE

Bar Association's Previous Indorsement Evidently Carries Weight

POLITICS AVOIDED BY GOVERNOR IN CHOICE

Reappointment Comes as Surprise After Having Been Withheld Several Weeks

After a delay of two weeks, a delay so long, in fact, that it was rumored some new man would be chosen for the place, Governor Pinkham has announced the reappointment of James Melville Monsarrat as district judge for Honolulu. The reappointment is for a two-year term.
Several reasons led to the supposition that some new man would be chosen, for Judge Monsarrat's office. His term expired some time ago, and Governor Pinkham has been extremely reticent as to when or with whom he would fill the place.
There has been considerable criticism of an alleged excessive leniency on the part of the judge, but this criticism was apparently held unfounded, for a strongly worded petition of indorsement of Judge Monsarrat passed some time ago by the Bar Association, is said to have carried weight. The signatures carried gave the petition practically the weight of a unanimous appeal for his retention in office. It was reported today that a conference was held in the governor's office yesterday and today the notice of reappointment was made public.
Governor Pinkham is evidently not allowing political affiliations to interfere with his choice of men for judgeship.
